## ++PICNIC++

THE SECOND ANNUAL N.C.A.R.C. SUMMER PICNIC IS COMING UP QUICKLY. MARK YOUR CALENDAR... JULY 29, 1984 STARTING AT ABOUT 11:00 A.M. WE WILL AGAIN MEET AT THE DAM. \*\* SEE ATTACHED MAP\*\*

## UNFORTUNATE MISHAP

DURING THE NORTH COAST FIELD DAY OUTING IN JUNE, WHAT WAS THOUGHT TO BE A HONEST MISTAKE HAS TURNED OUT TO BE DISGUSTING FACT OF LIFE. ROL -K8ATQ WAS KIND ENOUGH TO ALLOW THE CLUB TO USE HIS YAESU FT-7 (a small H.F. Mobile). THE RADIO SOMEHOW GREW LEGS AND WALKED AWAY, STRANGE THINGS HAPPEN WHEN THERE IS ALOT OF R.F. FLYING AROUND. THE RIG ALSO MUST BE VERY GOOD AT SEEING IN THE DARK, BECAUSE THAT SEEMS TO BE THE TIME IT LEFT.

THE CLUB IS RESPONSIBLE FOR ROLS' RADIO, SO BEFORE WE REIMBRESS ROL, IF ANYONE HAS ANY INFORMATION CONCERNING THIS INCIDENT, PLEASE CONTACT US. CONFIDENTIALITY IS ASSURED.

THANKS K8SCI N8ETY  
etc...

I am still looking for folks who would like to help in the putting together of the newsletter. If you see things of interest or have an idea or project, let me know.  
N8ETY

IN ORDER TO SAVE SOME TIME DURING OUR REGULAR MEETINGS, AFTER CHECKING WITH BOB K8TTZ (OUR RESIDENT EXPERT ON "ROBERTS RULES") THE OFFICERS DECIDED TO PRINT THE MINUTES OF THE MEETING IN THE NEWSLETTER RATHER THAN READING THEM AT THE NEXT MEETING FOR APPROVAL. AT THE FOLLOWING MEETING, THE MEMBERSHIP ON HAND WILL BE ASKED TO APPROVE THE SUMMARY THAT WAS ISSUED WITH THE NEWSLETTER.

\*\*\*\*\*

MINUTES FROM THE JUNE 14, 1984 MEETING

THE MEETING WAS CALLED TO ORDER AT 7:25 pm BY PRESIDENT RICK K8SCI. THE MINUTES FROM THE 4/15/84 MEETING WERE READ BY DAVE N8ETY. THE MINUTES WERE APPROVED AS READ.

GLENN WD8OMW GAVE THE TREASURERS REPORT  
UNDER OLD BUSINESS...

A PROPOSAL TO AMEND THE BY-LAWS ARTICLE V SECTION II CONCERNING TRUSTEES MEETING BEING ONE HOUR PRIOR TO THE GENERAL MEETINGS WAS READ. THE PROPOSAL STATED THAT AT THE PRESIDENTS DESCRESATION, THE TRUSTEES MEETINGS WILL BE HELD WITHIN TWO WEEKS PRIOR TO THE NEXT GENERAL MEMBERSHIP MEETING. DUE TO THE FACT THAT OUR MEETINGS ARE NOW HELD IN THE EVENING, IT MAKES IT VERY DIFFICULT TO HOLD A TRUSTEES MEETING JUST BEFORE THE NORMAL ONE. THE AMENDMENT WAS VOTED ON AND PASSED BY THE MEMBERS.

\*\*ELECTIONS\*\*

RICK K8SCI READ A LETTER FROM DICK KD8EQ REQUESTING THAT HIS NAME BE DROPPED FROM THE BALLOT FOR VICE PRESIDENT.

AT THAT TIME THE ONLY REMAINING UNOPPOSED OFFICE WAS FOR SECRETARY. THE BALLOTS WERE COUNTED AND DAVE N8ETY WAS ELECTED.

NEXT THE VOTING FOR THE TRUSTEES WAS COUNTED AND TALLIED.

AFTER EVERYONE WAS SATISFIED THAT THE BALLOT COUNTING WAS COMPLETE, THE FLOOR WAS OPENED FOR DISCUSSION CONCERNING THE 1984 FIELD DAY EXERCISE. K8SCI UPDATED THE GROUP ON PROBLEMS CONCERNING WHERE FIELD DAY WOULD BE HELD AND SOME OF THE EXPENSES. RICK STATED THAT A NEW SITE HAD BEEN SECURED. DICK KD8EQ MADE A MOTION THAT A "KITTY" SHOULD BE USED FOR DONATIONS TO HELP OFFSET THE OUT OF TREASURY EXPENSES AND THAT ANY EXTRA MONIES SHOULD BE PUT INTO THE CLUB TREASURY, THAT MOTION PASSED.

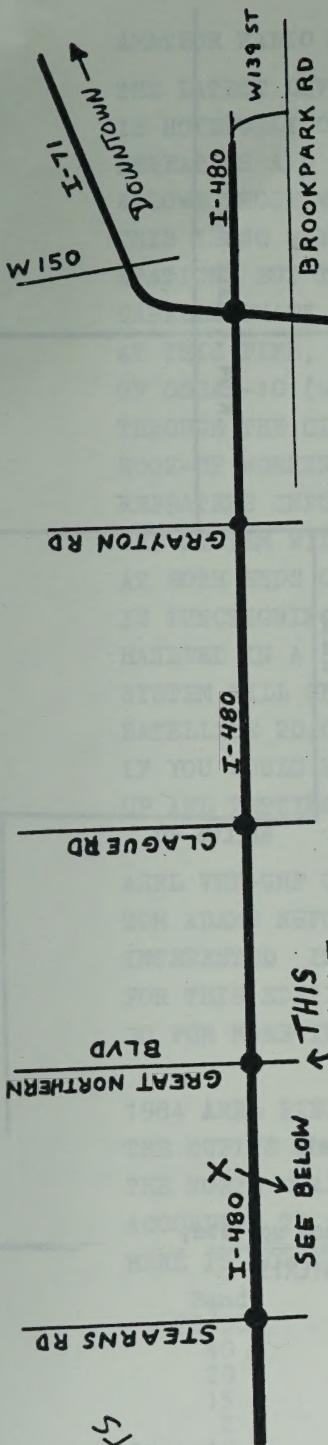

\*\*NEW BUSINESS\*\*

K8SCI GAVE A BRIEF RUNDOWN ON SOME OF THE "PUBLIC SERVICE" EVENTS IN WHICH NORTH COAST MEMBERS HAVE PARTICIPATED, AND INFORMED THE GROUP OF TWO MORE EVENTS OF WHICH THE CLUB HAS BEEN ASKED TO HELP PROVIDE COMMUNICATIONS FOR.

TOM N8ETP OFFERED HIS CODE PRACTICE PROGRAM FOR THE COMMODORE COMPUTER LINE.

THE MOTION TO ADJOURN WAS MADE AND SECONDED, AT 9:00 PM RICK K8SCI CLOSED THE MEETING.

## AMATEUR RADIO MARCHES FORWARD

THE LATEST DEVELOPMENT IN SATELLITE COMMUNICATIONS, "GATEWAY STATIONS" IS HOPEFULLY COMING TO NORTH COAST. GATEWAY STATIONS ARE BASICALLY REPEATERS AND OSCAR-10 EQUIPPED STATIONS HOOKED TOGETHER. THIS ALLOWS THOSE WITH JUST A 2mtr. "HT" TO WORK VIA SATELLITE. THIS IS NO WAY INTENDED TO DO AWAY WITH HAVING YOUR SATELLITE STATION, BUT TO HOPEFULLY ENCOURAGE AMATEURS TO PUT TOGETHER A OSCAR CAPABLE SHACK.

AT THIS TIME, THE REPEATER WILL BE LINKED UP SO THAT THE DOWNLINK OF OSCAR-10 (what the satellite is transmitting) CAN BE HEARD THROUGH THE CLUBS REPEATER. AFTER GETTING THIS HALVE OF THE HOOK-UP WORKING WELL, THEN WORK WILL BEGIN ON SETTING UP THE REPEATERS INPUT TO BE TRANSMITTED UP TO THE SATELLITE.

THE SYSTEM WILL NOT BE ON CONSTANTLY, IT REQUIRES CONTROL OPERATORS AT BOTH ENDS OF THE SYSTEM. WHEN THE LINKS ARE COMPLETE AND EVERYTHING IS FUNCTIONING PROPERLY, USING THE "GATEWAY STATION" WILL BE HANDLED IN A "NET" TYPE OF MANOR. THOSE WISHING TO TALK VIA THE SYSTEM WILL CHECK IN AND BE GIVEN THE OPPORTUNITY TO TALK TO A SATELLITE 20,000 MILES IN SPACE WITH A 2 watt H.T. AND A RUBBER DUCK. IF YOU WOULD LIKE MORE INFORMATION OR LIKE TO ASSIST IN SETTING UP AND TESTING, CONTACT (Who Else) THE RESIDENT SPACE NUT... N8ETY

## ARRL VHF-UHF QSO PARTY

TOM ADAMS N8FQQ IS HEADING UP GETTING THINGS TOGETHER FOR THOSE INTERESTED IN WORKING THIS CONTEST. TOM WAS PREPARING AN ARTICLE FOR THIS EDITION, BUT UNFORTUNATLY TOM IS OUT OF TOWN AT PRESS TIME. SO FOR MORE INFORMATION CONTACT TOM N8FQQ PS The contest is in Sept.

## 1984 ARRL FIELD DAY

THE DUPING IS DONE, THE WRITING IS OVER, HOW CAN ANYONE DO IT SOBER.. THE NORTH COAST FIELD DAY PARTCIPATION WAS A GOOD EXPERIENCE FOR ALL. ACCORDING TO OUR TALLY, NORTH COAST SCORED 3,250 PTS. TOTAL.

HERE IS HOW IT BREAKS DOWN;

| Band           | CW  | SSB | Multipliers / Bonus Points    |
|----------------|-----|-----|-------------------------------|
| 75/80          | 2   | 208 | 100% Emergency Power 900pts   |
| 40             | 57  | 208 | W1AW Field Day Message 100pts |
| 20             | 65  | 197 | Oscar 10 Contact 100pts       |
| 15             | 14  | 122 | Cw QSOs x2 282pts             |
| 2              | 2   | 56  | Power Mult. 150watts x2       |
| Oscar10        | -   | 2   |                               |
| Total contacts | 934 |     | Total QSO Points 1075         |

This is a little misleading. I think CW qsos were down due to the desense. Better Antenna placement next year.
